EDUCATION

B-Tech
Einstein Academy of Technology And Management (EATM)-BPUT Odisha
(2022 - 2026)-

Higher Secondary Education
Saraswati Vidya Mandir – CHSE Odisha
(2020 - 2022)-60%

Secondary Education
Govt Girls High School - BSE Odisha
2020-51%

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, JavaScript , C
- **Frontend:**HTML,CSSBootstrap,React,js.
- **Backend** :NodeJs
- **Database:** MySQL
- **Tools & Platforms:** Git, GitHub, Visual Studio Code (VS Code),Atom
- **Core Computer Science:** Data Structures & Algorithms (DSA), Operating Systems (OS), Object Oriented programming (OOPS)

SOFT SKILLS

- Time Management
- Leadership
- Team Collaboration
- Fast Learner
- Problem Solving

LANGUAGES

- ENGLISH
- HINDI
- ODIA

CAREER OBJECTIVE

I am looking for an opportunity where I can learn and improve my skills by working an real projects. I want to gain experience and contribute in small ways while understanding how the industry work.

PROJECTS

E-Commerce Web Application | March 2026

- Built a responsive e-commerce platform using React, Node.js, and MongoDB.
- Integrated Razorpay API for secure payment processing.
- Optimized database queries and improved page load performance by 35%.
- Developed user-friendly frontend interfaces with responsive design principles.
- https://github.com/sonali637/e-Shoop-.git

Cancer Prediction System | July 2025

- Developed a machine learning model in Python to classify tumors as benign or malignant.
- Preprocessed medical datasets using Pandas, NumPy, and Scikit-Learn.
- Trained and evaluated models including Logistic Regression, Random Forest, and SVM.
- Achieved high prediction accuracy while optimizing recall to reduce false negatives.
- Applied feature engineering and data balancing techniques for improved model performance.
- predictions.Link:https://github.com/sonali637/cancer-prediction-project.git

WORK EXPERIENCE:

NTERNSHIP EXPERIENCE:
Machine Learning Intern – ACMEGRADE
May 12, 2025 – July 10, 2025 | Online
Worked on machine learning projects using Python.
Implemented face detection and cancer prediction systems.
Applied data preprocessing, feature engineering, and model training techniques.
Gained exposure to complete ML workflows and real-world problem solving.

CERTIFICATIONS & COURSES

- Generative AI Course – Coursera [June 12, 2025]
- Machine Learning Internship Certificate – ACMEGRADEAwarded two certificates for successful completion of the Machine Learning Internship program.
- Hackathon Participation Certificate:
- Recognized for active participation in a technical hackathon, demonstrating teamwork, problem-solving, and practical application of technical skills.
