SONALI BISWAL

Software Developer

+91 6372031949 | Berhampur,Odisha | github.com/sonali637 | linkedin.com/in/sonalibiswal | sonalibiswal108@gmail.com

CAREER OBJECTIVE

Aspiring Software Developer with hands-on experience in Java, JavaScript, React, Node.js, MongoDB, and Python through project development and machine learning internship experience. Interested in building scalable web applications, solving real-world problems, and contributing to collaborative software development teams.

EDUCATION

B-TECH 2022-2026
Einstein Academy of Technology And Management (EATM)-BPUT Odisha

HIGHER SECONDARY EDUCATION 2020-2022
Saraswati Vidya Mandir – CHSE Odisha

SECONDARY EDUCATION 2020
Govt Girls High School - BSE Odisha

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript, Python, C
- Frontend: HTML5, CSS3, Bootstrap, React.js
- Backend: Node.js, Express.js
- Databases: MySQL, MongoDB
- Tools & Platforms: Git, GitHub, Visual Studio Code, Atom
- Core Concepts: Data Structures and Algorithms, Object-Oriented Programming (OOP), Operating Systems

SOFT SKILLS

- Time Management
- Leadership
- Team Collaboration
- Fast Learner
- Problem Solving

LANGUAGES

- ENGLISH
- HINDI
- ODIA

PROJECTS

E-Commerce Web Application | March 2026

- Built a responsive MERN stack platform (React, Node.js, MongoDB) featuring secure Razorpay API payment integration.
- Optimized MongoDB database queries, successfully improving overall page load performance by 35%.
- **Code:** https://github.com/sonali637/e-Shop-

Cancer Prediction System | July 2025

- Developed a Python machine learning model using Scikit-Learn (SVM, Random Forest, Logistic Regression) to classify tumors.
- Preprocessed medical data with Pandas and NumPy, optimizing recall metrics to drastically reduce false negatives.
- **Code:** https://github.com/sonali637/cancer-prediction-project.git

INTERNSHIP EXPERIENCE

Machine Learning Intern | ACMEGRADE
May 12, 2025 – July 10, 2025 | Online
Developed Python-based face detection and cancer prediction systems as part of end-to-end machine learning workflows.
Worked on data preprocessing, feature engineering, and model training for computer vision and medical-data classification tasks.

CERTIFICATIONS & COURSES

- Generative AI Course – Coursera [June 12, 2025]
- Machine Learning Internship Certificate – ACMEGRADEAwarded two certificates for successful completion of the Machine Learning Internship program.
- Hackathon Participation Certificate:
- Recognized for active participation in a technical hackathon, demonstrating teamwork, problem-solving, and practical application of technical skills.
